| (c) County Council Report | |
| The County Councillor agreed to take on the road and speeding issues, other than that it had been a quiet month. She advised people to put in bids for Jubilee grants and member grants. Queen Street Mill is open again. | |
| (d) Borough Council Report | |
| | |
| Borough Councillor Gordon Lishman read out a report which is attached. | |
| Registration numbers are needed of speeding cars and on-going problems with flooding should be reported. There is a serious issue of cat poisoning and anyone with information must come forward. Burnley is now the third in the country for issuing dog fouling fines. Caden are about to do some gas mains work. The retiring Parish Councillors were thanked for all the work done over the last 4 years. | |
| It was suggested that tipping on the bottom car park, the allotments and garages are getting worse. | |
| (a) Alletment Society | |
| (e) Allotment Society | |
| The Allotment Society had a good meeting Sunday and there is a new active Committee. The Society skip is due. | |

Briercliffe Parish Council Borough Councillors' Report – March 2022

Floods: The biggest problem of recent months has been the floods from the open culvert at the top of Holgate Street. Water has flooded down **Holgate Street**, across **Burnley Road** and down **Granville Street**. It washed out infill on roads and pavements which blocked the drains and it's dangerous. We have been pressing the County Council, United Utilities, both Burnley and Pendle Councils, Ringstones who built Maytree Close, Calico which own Ringstones, and the landowners. **No-one accepted responsibility!** We broke the logjam by getting Burnley Council's engineers to do an underground survey and call site meetings.

Ringstones/Calico have now agreed to act. The pipes are the top of the Maytree houses were not fully connected and the main pipe has been blocked. They promise to finish the necessary work by "end of March/early April 2022 but no later". The County has been unblocking drains and says they will put right the damaged roads and pavements.

There have also been problems with other blocked drains, including on **Duke and Harrison Streets** which have been reported to the County.

There's a general problem: climate change leads to more rain in heavier bursts which then runs off the fields into the village and the estates. At our request, Burnley's engineers have checked the new Standen Hall development plans to ensure the waste water plans can cope with flows from the fields and golf course.

Fly-tipping The number of cases of fly-tipping has gone down since lockdowns ended. There's still commercial waste dumping around Thursden and Cockden. The Council has allocated extra money next year for enforcement. As ever, it can be reported to StreetScene via the Council website or if people tell one of us, we pass the information on. The Council and the police have asked that people who discover dumping DON'T go through it for information about the dumper. That can make it difficult to ensure that evidence holds up in court.

Speeding traffic: thanks to the police who recently organised a speed check on Halifax Road. As we know, the worst problem is boy racers at unpredictable times and particularly at night, which makes it difficult to catch them.

Small grants for the Queen's Platinum Jubilee on June 3rd are available from Burnley Council to support local community events. Apply to Burnley Council by the website: Burnley.gov.uk. One of us remembers the coronation!

Lane Bottom Park and Play Area: work is due to start any day now and will be in 2 stages. New playground equipment and picnic benches are paid for by Burnley Council with donations from the Parish Council. There will be new swings, seesaw, rockers and a huge climbing frame with slides similar to the one at Barwise, Towneley. The other big problem is with the broken drains on the grass area which has made playing impossible for the last few years. After heavy rain we have seen ducks swimming on there! That will be expensive, so we are applying for grant funding. The Parks department at the Council are advising.

Congratulations to the Gala Organisers for going ahead on 16 July. Good luck to them!

Public Questions Received

I would like to ask if the council could put a speed restriction on the lane running down to Musty Haulgh farm. I know it's unlikely as it's a private road and LCC are responsible for highways but I think the increasing risk to pedestrians needs to be addressed and perhaps there are other things you can do.

The potholes do slow some cars down but they also cause the cars and many heavy goods vehicles to swerve in erratic ways.

The increase in traffic since the development of Bend Hill Farm has to be experienced to be believed.

Response given: Hi, unfortunately the Parish Council does not have the powers to put in a speed restriction sign, however they will pass this to the County Council for consideration.

I would like to raise the issue of pavement parking and also speeding in briercliffe. I am aware that pcso says shes been out with speed camera and provided no evidence of an issue.

I messaged saying its more of an issue at night and all i got in return was a flippent remark . I would also add as my property is at significant risk as it has no footpath and my garden wall was struck .although this was an accident with vehicle miss judging the turn .it does highlight a need for a footpath

Proposed Response: Hi, whilst the Parish Council agrees with you and has put this issue forward previously, unfortunately the Parish Council does not have the powers to to address parking and speeding issues, however they will pass this to the County Council for consideration.

Please can the council inform me on the three quotes they got for doing the work at the end of Duke Street thank you

Proposed Response: Whilst this is not directly a question, the Council assumes you are asking for evidence of the 3 quotes. These were:

- 1. Moving Target Ltd £6,100
- 2. GSA £4,418
- 3. Red Rose Surfacing£7,760

Hi was wondering why there are so many empty allotments which look a mess. And how long do we have to wait to get one please. I have already applied and when i go up the empty ones are still empty. Thank you s ward

The waiting time for allotments can vary due to limited availability of plots that we do have. The council has begun constructing 16 new plots which will be available this growing season so this should lessen the waiting list. Regarding the time it takes to be offered a plot, you must take into consideration the amount of people that are ahead of you on the list. To be fair, we have to offer the tenancy to those first on the list before contacting the next person. Realistically we cannot expect people to reply instantly so we must allow a few days before we offer it to the next person. Allotment inspections are done twice a year, once at the beginning of the growing season and one during. The council fully understands that tenants need time at the beginning of the new growing season to get their plots in order hence the reason they are provided with skips

Minutes of the Briercliffe with Extwistle Parish Council Meeting 19th April 2022

provided by Briercliffe Parish Council. Any plots that still appear to be unused or abandoned will mean the council will contact the tenant in order to investigate the reasons

Could I query the allotment report at the next meeting.

Response given – you can if you clarify what you wish to query.

At a small village called Otterburn, near Newcasle for a wedding. Lamposts are trimmed in blue and yellow Would be a nice gesture if Briercliffe adopted them.

Any ideas when a skip will be available at the allotments please.

Provided Saturday 9th April.
